## RICH BASTARDS ARE EVIL SCUM SENSATION

# MONSTER MURDOCH BEHIND SICKO VAMPIRE GANG

Journalists tapping phones, police bosses taking bungs, the PM befriending and employing vampires... where will it all end?

Incredible revelations of police/NOTW collusion involving private investigators employed by NOTW on murder charges and interfering with police investigators, all with knowledge of Rebekah Brooks. Hugh Grant hints at gigantic conspiracy between Top Cops, News International and UK politicians – all for the Love of Murdoch. This one really could go anywhere.....Watergate anyone?

# BOYCOTT NEWS INT.

Don't give Murdoch your money. Better still take **DIRECT ACTION** against the scumbag! Early on Sunday mornings you will find TNT vans dropping off bundles of Sunday newspapers outside news agents big and small. These are left outside the shops for hours before they are opened... usually from 4am onwards. During the Wapping strike, supporters would wait for the vans to leave... then they would grab any Murdoch papers they could find, which they

would then scatter down the street or dump elsewhere. The same tactic could/should be employed against NOTW every Sunday until they are finally brought to justice. But why wait 'til Sunday... there are plenty of other Murdoch titles to choose from which are produced on a daily basis - why not **STOP THE LOT!** Empty the newsagents and supermarkets shelves of ALL Murdoch's papers. If caught, your defence would be that you're actually acting to prevent a crime!
